ST. MARY'S CATHOLIC SCHOOL

Mission Statement

St. Mary's Catholic School (Mt. Carmel, Illinois), founded by St. Mary's Parish in 1881, exists to pass on the faith. Our faith challenges us to live the Gospel Message, to build community, and to serve all people.

We seek to challenge our children to strive for academic excellence and to develop their physical and social talents to their highest potential.

We are committed to religious education. This is taught as a class and is also incorporated into the total curriculum. Students are actively involved in Mass and the sacraments. They are challenged to live Christ's example and to love and respect one another, as well as all people.

We recognize that parents play the most crucial role in the formation of their children's faith. We strive to empower the parents as primary catechist in the lives of our students and continue the faith formation they have started at home. Parental involvement is encouraged in school activities and governance.

Our goal is to join in partnership with the families, parish, diocese and Church to build an academic and moral foundation for our children and ultimately our children's children.

Philosophy

St. Mary's Catholic School's philosophy is to develop Christian character

and good citizenship. The focus is on the development of each child, intellectually and morally.

The Catholic Faith teaches that a person's body, mind, and soul are united. Therefore, education at St. Mary's involves academic achievement, physical health, cultural development, and social virtues that are linked with moral and spiritual growth. The curriculum continues to evolve to meet the high academic and religious expectations of the staff and parents.

Together, parents and teachers strive to prepare students socially and culturally for change. This process enables the students to live enriched and fulfilled lives, as well as to be worthy citizens of the community and ultimately - to attain the end for which they were created by God "Eternal Happiness".

Purpose:

1. To cooperate with the Church in its mission to foster personal relationships with Christ and to promote social reform in the light of Gospel values.
2. To cooperate with parents in communicating the faith to their children and to provide the knowledge and guidance for life and eternal happiness.

Objectives:

As an outgrowth of the philosophy and purpose of St. Mary's School, the following objectives have been established:

1. To teach our Catholic doctrine and help in the development of character.
2. To provide a quality education by imparting basic knowledge in the fundamental school subjects.
3. To lead the students toward greater respect and kindness toward others.
4. To develop an appreciation for the social virtues and a willingness to make the sacrifices needed to live as Christ would have us live.

Vision Statement

We inherit the work of the
generations before us,
and we share in the building of
the future
of all those who come after us.

**I
ACADEMICS**

ACADEMIC TEAMS & COMPETITION

Scholar Bowl Composition and Requirements

- 1 – Team is comprised of 8 to 10 members coming from grades 6-8.
- 2 – Iowa Basics score of 90% or better.
- 3 – Teacher recommendation is used when team composition is (a) not clear and easily distinguishable and (b) if not enough 8th and 7th graders qualify and team is opened to 6th graders
- 4 – Two disciplinary procedures or detentions and a student is removed from the team
- 5 – Attendance at practices is required; student is removed after two unexcused absences
- 6 – Subject to St. Mary's Extra-Curricular Policy

Spelling Bee

In January of each year students in Grades 4 – 8 are quizzed over assorted spelling words. Students with the highest scores compete before the entire student body. The winner then advances to the Tri-State Spelling Bee. There will also be two alternates.

ATTENDANCE

Good attendance is necessary for a student to experience the greatest degree of success. Very few absences should be for reasons other than personal illness, illness in the family that prevents attendance, and unavoidable emergencies.

We ask that absences beyond personal illness, family illness, or emergency situations be kept to a minimum. Upon return, a written note with the child's name, grade, date of absence, and reason for absence should be sent. We ask that parents phone the school by 9:00 a.m. notifying us of a child's absence. Messages may be left on the answering machine prior to the start of the school day.

It is important to understand that absences may be judged as excused or unexcused for the purposes of athletic participation and making up missed credit in the classroom. Simply, excused absences will allow students to participate in sports and make-up missed work without penalty. Unexcused absences will result in loss of eligibility for sports. This will also result in a loss of credit on assignments missed.

Excused absences are determined as follows:

- a. personal illness
- b. death in the family
- c. appointments (legal or medical)
- d. others as arranged with and approved by the principal

Students who miss more than 7 days per semester may be required to show doctor verification for absences. In compliance with state guidelines, St. Mary's Catholic School will notify the district truant officer when a student has accumulated 10 or more absences. Absences in excess of 14 days per school year may result in retention. (Policy 5113)

Students who miss three consecutive days must return with a doctor's note. If a parent must take a child out of school for a pre-arranged absence, a written note is required at least one day in advance. If an adult other than the parent is picking up the student, the parent must specify in writing the name of the adult.

Students must check with their teachers to see if any advance work needs to be completed before

leaving on any pre-arranged absence. Tests will need to be taken either before the student leaves or at the teacher's discretion.

A student returning to school following a doctor's appointment must bring a doctor's excuse to the office. In order to protect the students, the accompanying adult must come to the office and sign the child out. Students will not be sent from the school to meet rides. If the student is returning to school the same day, the adult must also come to the office to sign the student back in.

If a situation arises in which you anticipate the child having to leave school, but have sent him/her to school, please send a note stating that the student might be leaving that day.

Students participating in extracurricular activities **MUST** be in attendance at school at least one half (1/2) of the school day (3 ½ hours) in order to participate in the scheduled activity.

VACATIONS

Parents are strongly encouraged to schedule vacation when school is not in session. The following guidelines apply for all classrooms:

1. **All arranged vacations need to be approved by the Principal.** This must be done five days in advance before leaving. Vacations NOT approved thru the Principal will be considered unexcused and school work will not be allowed to be made up.
2. All assignments must be completed and returned in the number of days equal to the absence. (For example if a student is absent 5 days on vacation, that students has 5 school days upon their return to complete all classwork and tests.)
3. All quizzes and tests missed during vacations must be made up following the student's' return at the teacher's' discretion.
4. No more than 5 days per school year of vacation will be counted as excused absences.

The principal will make determination of whether an absence is considered excused or unexcused, and this information will be communicated from the office to the classroom teacher(s).

Exemptions to all of the above may be appealed directly to the principal.

PLEASE SIGN AND DATE ANY CORRESPONDENCE THAT IS SENT TO THE SCHOOL

TARDY AND ABSENCE

It is the policy of the Diocese of Belleville that the following guidelines be used when a student is tardy or absent:

1. When a student arrives at school late but within 30 minutes of the beginning of the school day, a student will be considered tardy.

2. When a student arrives at school after 30 minutes of the start of the school day, the student will be considered as ½ day absent.
3. If a student arrives at school within an hour or leaves to go to the doctor or other appointment and returns within one hour, the student will not be considered as absent. If the student is gone for more than one hour, the student will be considered as ½ day absent. If student leaves school within one hour of normal dismissal, the student will not be considered as absent.

Students learn best when they arrive at school on time. Not only do tardy students miss valuable instructional minutes, but their late arrival is a disruption to the teacher and the other students in class. Missed instructional minutes add up quickly. Punctuality is an important life skill for children and a character trait which engenders respect for teachers and fellow students as well as our school. Excessive tardiness has the opposite effect.

Students are expected to be in their classroom at 7:55 a.m. They are allowed in their classrooms at 7:45 a.m. Students who arrive before 7:45 a.m. wait in the gym for the 7:45 a.m. bell. Those arriving in the classroom **after 7:55 a.m. are tardy.** All doors entering into the school will lock promptly at 7:55 a.m. Students arriving after 7:55 a.m. will need to proceed directly to the office to sign in and get a tardy slip for admittance into their classroom. Students who ride the bus will be dismissed at 3:00 p.m. The remaining students will be dismissed at 3:05 p.m. **or after the buses have left the premises.** If you need to take your child before the second bell you must sign them out in the office.

K-8 Students: If a student accumulates 5 tardies throughout a semester, he/she will serve an hour detention after school from 3:00 – 4:00 p.m.. At 3 tardies the principal will send home a warning to the parents. For each additional 3 tardies, another hour detention after school will be served.

Perfect attendance requires that students do not miss any classroom time, whether through being tardy, absent, or having doctor appointments. Students may be excused for one event that the principal deems to be school or community related.

TRUANCY

When a teacher notices excessive tardiness and/or absences, the parents will receive a call from the principal. If there is no valid excuse, the district truant officer will be notified.

CURRICULUM

St. Mary's Catholic School provides for a well-rounded curriculum in accordance with the guidelines

set forth by the State of Illinois and the Diocese of Belleville. The following subjects are required for all students:

Religion	Math	Physical Education
Art	Language Arts	Social Studies
Technology	Spanish	Science

Techniques being implemented in the program include:

Cooperative Learning	Interdisciplinary Units
Use of manipulatives in both science & math	Response to Intervention (K-8)
Lifetime Activities (5-8)	Ipads
Interactive whiteboards	Title (K-5)
Chromebooks	

Our Goal – Positive Reinforcement and Self Esteem

St. Mary's Catholic School Staff seeks to develop the students' intellectually and emotionally. Therefore, the use of positive reinforcement to develop a child's self-esteem is used throughout the school. This method makes the child aware of and responsible for his or her own personal actions. To reinforce this approach sometimes contests and certain achievements result in rewards and recognition. Staff members advocate that all adults working with the students in extracurricular events also adopt this process.

Activities, through which positive reinforcement and self-esteem are developed, include:

- 1 – Daily Classroom Helpers, which are chosen on a rotating basis,
- 2 – Mass participation
- 3 – Catholic/Christian Education.

EXTRA-CURRICULAR POLICY (This policy refers to those students participating in St. Mary's athletic programs and any other extra-curricular programs).

Emphasis at St. Mary's will continue to be on the educational development of the child as well as his/her spiritual and moral growth. Extra-curricular participation is viewed as an opportunity for a student to further express his/her interest in other areas. It is not a right guaranteed at the expense of their educational and spiritual progress. Whereas parents may set their own rules for participation, St. Mary's will apply the following policies to all students who participate in St. Mary's school sponsored extracurricular activities.

1 – When the principal is informed that a student who participates in any extracurricular activity engages in the following behaviors he/she will be brought to the office for a discussion.

- a – falls below a 2.0 ("C")
- b – fails to pass a major test
- c – repeatedly fails to turn in homework, projects, work, etc.
- d – presents a repeated/serious disruption to the class; or,
- e – is disrespectful to teachers, staff members or other students,

2 – The principal will inform the parents and coach of the problem.

3 – The student will have one week (five school days) in which to rectify the situation while still participating in or practicing his/her activity/sport.

4 – At the end of one week, the principal will meet with the teacher, student, sponsor/coach and parents, if they wish to be present.

5 – If no change or resolution has been reached, the student will be “benched” for two weeks from playing in his/her activity. The individual must attend practices and meetings but may not step onto the court to practice or to actively participate in any way. During this time all interested parties (individuals mentioned in #4) will assist the student in correcting the problem. **However, responsibility for change and improvement must come from the student.**

6 – If corrections have been made at the end of two weeks the student will return to his/her activity. If no corrections have been made, the student will be withdrawn from participation in the activity and removed from the team.

7 – If a problem develops a second time within a specific sport's season or within the semester for any other activities, the student will automatically “sit out” until all parties can sit down together to discuss the situation.

8 – At this time the principal will make a final decision.

****This policy can be altered at the discretion of the principal and athletic director.

RETENTION/ACCELERATION

When a teacher and/or parent believes that retaining or accelerating a student would be in the student's best interest, the following procedures must be adhered to:

1. The teacher shall inform the principal when he/she is considering retention or acceleration of a student. The teacher should give reasons for this consideration.

If the request for retention or acceleration of a student comes from the parent, the teacher shall inform the principal of the parent's request and the reasons for this request.

2. The teacher and parent shall meet during the school year to discuss the student's attitude, behavior, and academic progress. Discussion of the student's progress should take place every four weeks, with a written account of meetings kept on file. The teacher shall inform the principal of the times and dates of these meetings prior to the meeting. The principal may find it advisable to attend these meetings.
3. The principal shall see that the student is evaluated through adequate testing to discover a student's academic and emotional needs and abilities, strengths and weaknesses.
4. The level of the student's physical, social, and psychological growth must also be taken into consideration and evaluated.

5. The decision to retain or accelerate a student should be a cooperative one of parent, student, teacher and principal, with the final responsibility for a student's retention resting with the parent.
6. Before a final decision is made to retain or accelerate a student, the case must be reviewed by the Office of Education.
7. Parents must be informed at least 9 weeks before a final decision is made to retain a student.

The decision to retain a student can only be made if the school has an instructional program which ensures that the student will not simply be repeating the same material in the same manner for another year. This instructional program should be designed to meet the specific needs of the individual student and must be approved by the principal.

Generally, retaining a student in a grade for a second year or accelerating a student into an advanced grade is not advisable. However, in specific cases repetition of the grade or acceleration by a particular student may be beneficial because of the special circumstances that are clearly evident through the thorough evaluation process stated above.

GRADUATION

Students are eligible for graduation following completion and mastering of grade level curriculum.

RECESS SCHEDULE

Please see individual class schedules for recess schedules.

TESTING (Adopted by Board of Education March 1996, Reviewed Spring, 2011)

1 – Annual Academic Testing Program: Students in grades 2 – 8 participate in annual standardized testing programs. These tests are administered during the month of September. Results from these tests are used to evaluate student progress and to adjust the curriculum at St. Mary's. In addition, District 348 uses information from the test to determine student eligibility in various remedial and enrichment programs.

2 – Yearly Assessment of Catholic Religious Educational Testing: In order to insure effective evaluation of instructional programs in diocesan schools and parish religious education programs, an evaluation instrument is administered. It is recommended that the instrument, designed by the National Catholic Education Association (NCEA), be given every other year in grades 5 and 8.

3 – Resource testing to determine placement in Response to Intervention Program.

4 – Progress monitoring of all students three times a year

II BEHAVIOR AND DRESS

BEHAVIOR POLICY

St. Mary's behavior policy emphasizes three points:

1. Christ's teachings to "Love one another."
We believe that remembering this and following the "Golden Rule" will result in more

positive behavior.

2. **Choice**

It is a student's choice to behave properly or poorly; no one makes someone react in an inappropriate manner. It is possible to walk away from a situation that could become a problem if you stay.

3. **Responsibility**

Students accept the responsibility for their choice of actions. It is not someone else's fault when a student breaks a rule.

Students will be made aware of classroom and general behavior expectations through discussions and posted rules. Every teacher keeps record on the students.

We encourage communication between home and school. Therefore, parents may request a meeting at any point in our disciplinary procedure.

Rules for music, art, computer, physical education, lunchroom and recess will be as follows:

1. Disruptive behavior will result in the child being sent from the classroom or playground to a designated area. The student will write an apology to the teacher or supervisor.
2. Continued disruptive behavior will result in the parent being called.

General Rules for Grades K-4

Be careful
Be courteous
Be responsible
Be a good listener

Disciplinary Procedures for Negative Behavior

Grades K-8

Behavior rules, expectations and the discipline policy will be sent home at the start of the school year by the teacher. During the first month, teachers will emphasize expected classroom behavior and work with positive rewards for good behavior. Classroom rules will be posted in all classrooms. These rules will be referred to and reviewed frequently with the students by the classroom teacher.

The process for dealing with negative behavior that cannot be immediately resolved consists of five steps. The following steps will accumulate separately. If a teacher or parent wants a conference at an early step, it will be arranged.

Step 1 – Written notification is sent home to be signed and returned.

Step 2 – A thirty (30) minute detention is given the following day after school.

Step 3 – A one hour detention to be served after school.

Step 4 – Out of school suspension and Parent conference before student may return to class.

*Principal may use own discretion in some disciplinary situations.

*Dress Code violations are also handled in the same manner.

Any step in the discipline policy may be skipped based on the severity of the offence.

At the beginning of each semester, all previous behavior forms are dropped and the children begin the semester with a fresh start.

SUSPENSION

The parents will be informed if the situation does not improve. If the problem occurs again, in-school suspension or out-of-school suspension will be used as disciplinary actions. Suspension, not to exceed five (5) school days, will depend upon the problem. A student may be suspended immediately when the principal decides this is the only course of action that can be taken at that time. A written record of the reason for the suspension, including the date and a summary of the parent conference, shall be kept on file.

Students will be automatically suspended and will face expulsion if drugs or weapons are brought on school property. Weapons include guns & knives but are not confined to these.

**Any misuse of social media will result in suspension or expulsion.

EXPULSION

The expulsion of a child from a Catholic School in the Diocese of Belleville is a serious action. It shall be invoked only after due consideration of all other possible solutions.

The principal shall use every means available to discover the cause of the problem and shall exhaust all appropriate remedies, such as, consultation with the parent(s) or guardian(s) and possible referral to appropriate counseling or medical assistance, prior to an expulsion.

All expulsion situations and reasons shall be documented. An expulsion shall be the result of a student seriously violating moral principles, civil laws, or seriously endangering the safety and welfare of other school personnel or students. Student and parent(s) or guardian, will be notified immediately if an expulsion is deemed necessary.

It is generally not expected that expulsion will be the first action invoked against a student. There may be cases in which the one incident is serious enough to warrant immediate suspension followed by expulsion. The Director of Education for the diocese and the pastor or pastor/superintendent, in cases of elementary schools, shall be notified and involved in all deliberations and shall approve the principal's recommendation for action.

When all other means have failed and expulsion is being considered, the following procedure shall be followed:

- 1).The student will be suspended for a period not to exceed ten school days.
- 2).The parent(s) or guardian(s) shall be immediately informed in writing of the suspension, and that expulsion is being considered.
- 3) The principal shall meet with the pastor or pastor/superintendent to review the merits of the expulsion.
- 4). When a decision for expulsion has been determined, the principal shall review the decision with the Diocesan Director of Education, along with the pastor or pastor/superintendent, before an expulsion can be implemented.

- 5). Parents who are dissatisfied with the action taken by the principal shall have recourse to the local board of education, education committee and/or parish council as determined by local board policy. Decisions can only be overturned when local and diocesan policies and regulations were not appropriately followed.
- 6). In the event of an expulsion, the principal will cooperate with the parents in attempting to make arrangements for the future education of the pupil in another school.

Confidentiality

All parties involved in determining a suspension or expulsion of a student shall keep all information confidential.

CODE OF CATHOLIC/CHRISTIAN CONDUCT COVERING STUDENTS

These principles and expectations apply to students both on campus and off campus during school-sponsored programs and events (e.g. extended care, athletics, field trips, etc.). These principles and expectations apply during and after school hours, and during times when school is in session and when school is out of session.

These may include, but are not limited to, suspensions, expulsions, and removal from participation in extracurricular activities as determined by the principal. Examples of off-campus misconduct subject to this policy, include but are not limited to the following:

HARASSMENT/BULLYING OF TEACHERS OR STUDENTS

Students will not harass anyone in any manner, verbal or nonverbal. This includes words, looks, signs and/or acts that threaten to hurt a person's body, feelings, or things. Upon the second offense, the student may be asked to leave St. Mary's Catholic School. We take harassment as a serious infringement of a person's basic right to an education in a safe environment. Therefore, we will take strong and swift action when it occurs in any form, at any time, to anyone.

STUDENT TRANSFERS

Information Release Form

Written permission from a parent or guardian must be given before information can be sent to another school regarding a student. It is recommended that at the beginning of the school year the *Information Release Form* should be used by all parents or guardians for the necessary transactions of confidential materials. These materials include the permanent record, the attendance record, and the health record, or any other records confidentially placed in the student's file. These forms should be kept on file during the school year.

Record of Transferred Student

A *Record of Transferred Student* form must be filled out and retained whenever a student transfers to another Catholic or public school. This form is to be kept on file permanently in the school from where the student transfers.

The *Record of Transferred Student* form shall be placed in the appropriate class file and is moved with the other permanent records of that class each year until graduation. At graduation, the *Record of Transferred Student* form is sent to the Office of Education for microfilming/scanning, along with the other permanent records.

Transferring Student Records When There is an Outstanding Balance

When a student transfers from our school to another Catholic or public school and has an outstanding balance, an unofficial record of student grades must be sent to the requesting school. An "Unofficial Record of Student Grades" means written information relative to the grade levels and subjects in which a student was enrolled and the record of academic grades achieved by that student prior to transfer. Such records shall also include the name and address of the school, the name of the student to whom the records pertain, the name and title of the school official transmitting the records, and the date of transmittal.

Student Transfers

If a student transfers from one Catholic elementary school in the diocese to another, the following records are sent to the school where the child will be attending:

- 1) Permanent Record
- 2) Attendance Record
- 3) Health Record

If a child is transferred to a public school or parochial school outside the diocese, **COPIES** of the following records are sent to the school where the child will be attending:

- 1) Permanent Record
- 2) Attendance Record

The **original** health record should be forwarded to the new school and a copy retained in the school along with the *Record of Transferred Student* form.

Graduate Transfer

The *Graduate Transfer* form is completed for each student entering high school the following academic year. This transfer form, if desired or requested, is sent to the Catholic or public high school where the student will transfer. This should be done immediately following the January grading period.

During the time a student is officially in attendance, the record is considered to be active and is to be kept in the local school file. There are two parts to each record: a permanent record and a temporary record.

All student records are to be kept according to federal, state and Diocesan guidelines and procedures. Release of information from a student's record to someone other than the student is to be done only according to federal and state guidelines.

This school abides by the provisions of the Buckley Amendment with respect to the rights of noncustodial parents. In the absence of a court order to the contrary, a school will provide the non-custodial parent with access to the academic records and to other school-related information regarding the child. If there is a court order specifying that there is to be no information given, it is the responsibility of the custodial parent to provide the school with an official copy of the court order.

CONCERNS/COMPLAINTS POLICY

1. Introduction

The faculty and staff of St. Mary's works very hard to build and maintain positive relationships with all parents and to keep open the channels of communication between both parties. However, we realize at times there may be issues that cause concern for a parent, and that need to be handled appropriately in order to be resolved as quickly and positively as possible. The following policy sets out the procedure that the school follows in such cases.

2. Aims and objectives

The faculty and staff of St. Mary's will do their best to be fair, open, and honest when dealing with any issues brought to their attention by a concerned parent. We strive to provide an atmosphere where parents feel comfortable voicing their concerns. We wish to give careful consideration to all issues and deal with them as quickly as possible. We aim to resolve any complaint through dialogue and mutual understanding and, in all cases; we put the interests of the children and the guidance of Christ above all other issues.

3. Informal concerns/complaints process

- 3.1** If a parent is concerned about anything to do with the education that we are providing at our school, they should discuss the matter with their child's teacher as soon as possible. All teachers' work very hard to ensure that each child is happy at school, and making good progress; they always want to know if there is a problem, so that they can take action before the problem seriously affects the child's progress. Many issues can be solved directly and satisfactorily when parents and teachers work together.
- 3.2** In situations where a parent is not comfortable speaking directly with their child's teacher or, after consultation with their child's teacher the parent feels the situation has not been resolved, then an appointment may be made to discuss it with the principal. The principal will consider any such issue very seriously and will decide the best course of action for each specific circumstance. This could involve additional conferences with the parent, student, and any involved members of the faculty or staff. Most concerns or complaints can be resolved through mutual cooperation of all involved parties.
- 3.3** If the above process does not satisfy a parent, or if the principal decides an issue is unlikely to be resolved informally, then the formal complaint procedure, as outlined below, shall be instituted.

4. Formal Complaint Procedure

- 4.1** All formal complaints must be made in writing on the form provided by the school office and submitted to the principal. When completing the form, please try to be as specific as possible with all details of the complaint. Any complaint form that is not completed in its entirety or that does not contain a specific issue to be addressed will be returned to the complainant.
- 4.2** When a complaint form is received, the principal will notify the pastor of the parish of the receipt of the form. A meeting will then be scheduled for discussion of the complaint between the parent, principal, and pastor.
- 4.3** During the scheduled meeting, the complaint that has been submitted will be discussed by the principal, and the pastor of the parish. During discussion, all involved will remain

fair, open, and honest and do their best to provide insight as to how the complaint may be resolved. When a mutual agreement has been reached concerning the complaint, the principal will be responsible for scheduling an appointment with the complainant to address the issue directly and inform the complainant of the decision reached by those involved in the meeting.

ASBESTOS ABATEMENT ACT

The Asbestos Abatement Act (P.A. 83-1325 and amended by P.A. 84-1096) requires all schools to be tested for asbestos and have a management plan for their buildings.

St. Mary's School building has been inspected. A management plan is available in the office.

Anyone who wishes to review it may do so between 9 – 11 a.m. and 1 – 3 p.m. The copy of the plan may not be taken out of the office as it must be available for official inspection at all times.

We have contracted with Asbestos Professional Services, Inc. to conduct periodic inspections of encapsulated asbestos pipe coverings located on the lower floor of the building. These are requirements by EPA regulations. In April 98 these pipes were enclosed with PVC pipe.

CALENDAR

St. Mary's school calendar is available from the office. The calendar issued by District 348 is followed as closely as possible. However, St. Mary's calendar also includes various diocesan and church events; thus it is not the same. Early dismissal and snow days will follow District 348's calendar.

CHANGE OF ADDRESS

Please notify the school as soon as possible when changes in telephone numbers or addresses occur. This applies to both family and emergency numbers.

COMMUNICATIONS

Weekly communication will be sent home detailing some assignments and various class activities.

Please make sure that your email address is current in the school office and with your child's classroom teacher as many of these correspondences will be made online. Office personnel will include necessary information online as well. Once a month the cafeteria menu and assorted information will be sent home for your convenience.

FIRE, TORNADO, EARTHQUAKE and CRISIS DRILLS

Procedures have been established for the proper exit of students during fire, tornado, and earthquake alerts. Practice drills are conducted during the school year to acquaint students with these safety procedures.

FUNDRAISING

St. Mary's Catholic School has been able to keep tuition low because of the fund-raising activities that take place each year. Families participate in Fair Share fund raising activities as part of their commitment to the school. Each family accumulates 700 points per year. This translates to approximately \$50,000 per year when all families are involved. The monies from this Fair Share program allows St. Mary's to retain a reasonable tuition as a significant share of the school's budget is paid with these funds. Families may choose to contribute \$1,000 (\$1.00 for each point and a \$300 penalty) in lieu of involvement in the fund raising activities.

HEALTH INFORMATION

If a child becomes sick in school and must be sent home, parents will be called. It is important that the office personnel have an emergency telephone number in case the parent cannot be located. Therefore, parents are asked to fill out an emergency card at registration and to keep it current. According to statute, employees of St. Mary's are not to dispense medication to any child.

PHYSICAL EXAMS/IMMUNIZATIONS (Regulation 5141.3)

All students attending a Catholic school in the Diocese of Belleville are required to be in compliance with the law of the State of Illinois (105 ILCS 5/27-8.1) in regard to health examinations and immunizations.

Exemptions from the immunizations and health examinations on religious grounds are not accepted for students in a Catholic school in the diocese because the Catholic Church holds no position in opposition to immunizations. Therefore, all students who attend the Catholic school must be immunized regardless of religious affiliation.

An exemption may be granted on the basis of medical reasons if verified by a Medical Doctor (M.D.) or Doctor of Osteopathy (D.O.) in written documentation. This is to be sent to the Office of Education for approval prior to the full acceptance of the student in the school.

POLICY FOR TAKING MEDICATIONS AT SCHOOL **(Regulation 5141.1)**

Non-licensed individuals may not administer medication in Illinois. Giving medication by school personnel is not allowed, however, parents may come to school to give the medication, or medication will be released to students for self-administration according to the instructions on the Physician's Medical Release Form (which is a part of your registration packet). Before medications can be taken at school, parents are required to meet the following regulations.

1. Over-the-counter medications such as cough drops or acetaminophen must be in the original container, labeled with the student's name and accompanied by the Physician's Medical Release Form.
2. Prescription medication must also be in the original container and appropriately labeled by the pharmacist or physician.
3. Medications will not be carried by students during the school day. Students must bring the medications to the office for safe storage during school hours.
4. All self-administered medication must be accompanied by the Physician's Medical Release Form.
5. Medication will not be released to the student if these rules are not observed.

HIV-AIDS

Students with HIV enrolled or seeking enrollment in grades K through 8 shall be permitted to attend school and shall not be excluded from attending school for reasons of the infection unless exceptional conditions are evident. When a student is infected with the virus, the principal and pastor must be informed by the student's parent or guardian.

PREGNANT STUDENTS

The Principal and Pastor, in consultation with the Office of Education, shall make final judgments as to whether or not a pregnant student should be enrolled or retained.

Policy 5138

ALCOHOL USE/DRUG ABUSE BY STUDENTS

The use, possession, distribution or sale of mood altering chemicals, including alcohol, by students is prohibited on school property or at school-sponsored activities or events. Disciplinary action will be taken in instances of violation of this policy. This excludes the use of medications as ordered by the student's physician.

The Diocesan Board of Education recognizes the complexity of problems which may be associated with alcohol and drug abuse. The primary concern is for the well-being and best interests of the students. At the same time the Board recognizes their obligation to the parents or guardians and to the community. As a part of this obligation, it is, at times, necessary that suspension and/or expulsion be recommended in a case of alcohol or drug abuse.

A student who is suspended or expelled under this policy may seek readmission. No such student will be readmitted, however, unless there is written evidence from a certified psychologist or psychiatrist to show that the student is engaged in a counseling program designed to rid self of the abusive behavior.

ILLNESS, INJURY and INSURANCE

Parents will be notified if their child is sick or injured. If your child has fever, the parent will be notified and the child must go home.

All students are to be covered by an insurance plan provided by the parents.

IT IS MANDATORY that any student participating in a sport's program at St. Mary's Catholic School have insurance *prior to the first practice*. (This stipulation also includes cheerleaders.)

If a student requires the use of a wheelchair or crutches during the school year, the principal must first be notified to see the feasibility of the situation. Accommodations will be made as appropriate.

LIBRARY USAGE

Students are encouraged to make use of the library for leisure reading and for information for their assignments. A replacement fee will be charged for lost **or damaged** books.

LOST & FOUND

Articles found in or around the school will be brought to the office and kept until identified and claimed. Articles that are labeled will be returned to the student. Lunch boxes, athletic equipment and/or clothing that is not labeled or claimed within two weeks will be given to one of the local charities.

LUNCH

Hot lunches are available in the cafeteria. The cafeteria is for your convenience; therefore you are encouraged to take advantage of this service. The cost for this school year will be \$3.00 per day for students and \$3.50 per day for adults. Additional milk is available for purchase at 35 cents per carton.

Please apply for free and reduced lunches when there is a reduction in family income and the family qualifies. Several federal benefits, such as the financial support for the cafeteria, are contingent upon the number of free and reduced lunches served at St. Mary's. Therefore, the students and school benefits from the free and reduced lunch applications. These forms are available in August. Please contact the school office for them, as this information is confidential.

Students will be obligated to pay for the lunches they have ordered when they tell a teacher they will be eating a "tray lunch" and then either go out for lunch or have another lunch brought in by their parents. They will be obligated to pay as lunch has been prepared for them. Exceptions to this rule are illnesses. **Paid lunches will be carried over due to illness or inclement weather.**

Students may bring a sack lunch or go home for lunch. **PLEASE REMEMBER THAT LUNCHES BROUGHT TO SCHOOL OR BROUGHT IN BY PARENTS ARE NOT TO INCLUDE CARBONATED BEVERAGES/SOFT DRINKS OR CANDY. DO NOT SEND GLASS CONTAINERS IN LUNCH SACKS.** Students must have written permission of parents to leave the school premises during lunch hour. The accompanying adult must sign out students in the office. An adult must accompany and sign out in the office any student leaving school for lunch. If your child has a food allergy, you must submit a doctor's note to the office and kitchen so they are aware of this allergy.

No outside lunch may be brought into the cafeteria for consumption by groups.

Lunch money for the week is due in the exact amount on each **Monday** or the first day of the school week. In grades K-3, all money must be in an envelope marked with child's name, grade, amount, and the days a tray is requested. A check may be made out for each family, but the parent must write a note to every teacher so the child in each class will get lunch ordered. It is preferable for each student to bring his/her own lunch money.

If a student goes out to lunch, he/she must return from lunch and be in line on the playground before the bell rings or he/she will be counted tardy.

CAFETERIA POLICY ON CHARGES

Students at St. Mary's Catholic School are expected to pay for lunches on a daily, weekly or monthly basis. It is realized that students sometimes forget their money and need to charge. The maximum number of charges a student may accrue is ten, at which time the student will be denied the privilege of charging until the ten are paid. Parents will need to make some other provisions for meals until the charges are paid, such as sending a sack lunch with their child.

A notice of meal charges will be sent home with the student to keep the parents informed.

No charges will be allowed during the last two weeks of school.

MISCELLANEOUS

Gum chewing, as well as eating candy, is not allowed in school or on parish premises. No food or snacks may be brought to school unless the teacher gives approval. Students may not bring radios, recorders, cell phones or other equipment unless the teacher has given permission.

(Gum chewing will automatically result in a mandatory thirty minute detention. Exceptions to any of the above, excluding chewing of gum, may be handled through the office.)

Parties: Any time a parent wishes to honor a child with a small birthday treat, please arrange with the classroom teacher BEFORE the birthday. Treats, etc. should be brought to the office where they can be taken to the class toward the end of the day. No lunchtime or early morning treats are permitted, unless sanctioned by the teacher. Please do not send any party invitations to school because they will not be distributed to the class.

Valentine's Day: Treats for entire classes are allowed. Balloons and/or flowers for individual students should be delivered to the student's home. Valentine deliveries for individuals will not be accepted at SMS.

Meals: Parents are welcome to join their children for lunch. Please notify the teacher, cafeteria manager, or office in advance so that arrangements may be made. Notification by 9:00 a.m. is sufficient. Payment for an adult lunch (\$3.50) may be made to the cafeteria staff.

PARISH CENTER

St. Mary's Parish is proud of its renovated parish center. The center is not part of the school property though and thus is not under the school's control. Any parish group or individual wishing to use the center should contact the rectory (262-5337).

PARKING (For Arrivals and Departures)

Arrivals: As in the past, the buses will unload in front of the school. Car riders must, for safety reasons, be dropped off at the back parking lot door of the school.

Departures: Buses enter from Chestnut Street into the alley. The students are picked up at the side/alley school doors. The buses then exit by way of the 5th Street parking lot entrance. PLEASE DO NOT PARK IN or BLOCK THE BUS LANE! The buses depart before the remaining students are released. If you are picking your children up after school, please wait on the parking lot or outside by the alley doors for the walker bell to ring. This will allow the teacher to fulfill their end of

the day responsibilities. If your child does not know that you are picking him/her up, please notify the office and we will contact the teacher.

RATIFYING OR MODIFYING POLICY

To allow adequate discussion of policy issues and to allow all Board members, families and students affected by policy to have an opportunity to be heard:

Any new policy or modification of an existing policy must be presented at a regularly scheduled Board of Education meeting.

At the Board meeting at which the new policy and/or modification of policy is first presented, the Board shall not adopt or make any change in the policy. The first reading is for discussion and/or revisions.

Upon the second reading at the next regularly scheduled Board of Education meeting, the Board of Education may ratify the new or modified policy into existing policy for the school.

In the event of an emergency or compelling situation, if the Board so finds the policy can be adopted or modified at the meeting at which it is proposed, a 2/3 vote is required to pass into existing policy.

STUDENT CONDUCT AND SAFETY - WEAPONS

A safe, respectful, and pleasant environment that is conducive to prayer, faith formation and learning is the highest priority for all schools in the Diocese of Belleville.

For this reason, students who engage in such activities as vandalism, assault and battery, theft, arson, or the carrying or use of a weapon are subject to serious penalties. These penalties may include not only a multiple-day *suspension* of, up to and including, ten days but also *expulsion*.

The ban on the carrying or use of any type of weapon should be stated in the student/parent handbook. Weapons include firearms, ammunition, slingshot, any type of knife (including pocket knives), mace, pepper mace or any other object or device that serves no educational purpose and which the principal determines may cause physical harm or disrupt school activity. Students should clearly understand that such things as a pocket knife may **not** be carried to school, even if there is no intent to use it in a harmful manner. **Expulsion** or **suspension** will be levied on any student who is found to be carrying a weapon to, from, or within school; or to, from, or at any school activity.

Any student who has initiated or taken part in any act of vandalism, theft, arson, or serious crimes against persons will be reported to police. Further, it shall be the policy of the Diocesan Board of Education that the school shall recover damages from the parents or guardians of any minor, or from any person who has initiated or taken part in such acts.

Policy 5142

Adopted: February 21, 1995

STUDENT CONDUCT AND SAFETY – THREATS OF VIOLENCE

The safety and welfare of students enrolled in a Catholic school in the Diocese of Belleville is of the highest priority. For this reason, a student's written or verbal threat of violence toward other students and/or persons within the school will be taken seriously. For the purpose of this procedure, a threat of violence will be interpreted as a verbal or written threat of action that may cause physical harm to others.

The principal of the school will take immediate action upon learning that a threat occurred. This action includes non-disciplinary suspension of the student into the custody of parent or guardian until a satisfactory psychological evaluation by a licensed mental health professional is completed and the principal agrees that the student may return to school.

The local police will be promptly notified of the threat.

PROCEDURE ON LAW ENFORCEMENT INTERROGATION OF STUDENTS

There may exist occasions where representatives of law enforcement agencies/departments need to conduct investigations in the school and even request to interview students.

When such a situation becomes necessary and a law enforcement representative comes to the school during school hours to question a student, the following procedures shall be observed:

- A. The law enforcement representative shall be directed to the Principal's Office, state the purpose of the visit, and request permission to interview the student(s).

- B. If the representative is not known to school personnel, personnel shall request and obtain satisfactory identification.
- C. The Principal shall request that the student be interviewed/contacted at home rather than on school property during the legal school day unless there is a judicial order or subpoena, written consent of the parent or guardian of a student under 18, written consent of a student who is 18 or older, or the person is with the Department of Children and Family Services. If any of these conditions are present, the interview should be allowed to proceed. However, a call to the parent/guardian should be placed.
- D. If the conditions in Subpart (c) are not present and a law enforcement representative still wants to proceed, the Principal shall confirm that the parent/guardian has been notified that the student(s) will be questioned. The Principal shall also attempt to reach the parent/guardian to confirm notification and, if the parent/guardian desires, the Principal should not allow the interview to commence without the parent/guardian present. If the parent/guardian is reached and does not desire to be present, the interview can commence with the Principal being present. If the Principal is unable to reach the parent/guardian, the Principal should indicate to the law enforcement representative, that absent emergency circumstance, they will need to conduct the interview elsewhere or at a different time.

NOTE: In cases involving the Department of Children and Family Services (DCFS), DCFS has authority to interview the student without permission from either the parent or school.

- E. The Principal shall provide an adequate space where it will be possible for the representative to interview the student(s). The Principal shall be present during the interview along with any interested parent/guardian of the student(s). The interview shall be conducted without interruption and without observance of other school personnel or student(s).
- F. The Principal shall request that legal rights of the student(s) shall be explained to the student by the law enforcement representative prior to any such interrogation.
- G. On certain occasions it may be necessary for the representative to request permission to take the student to headquarters for questioning. If the Principal grants such permission and the student is to be taken from school, the responsibility of notifying the home that the student is being taken from school is that of the Principal. This must be done before the authorities take the student from the building.
- H. If the Principal is absent from the building when a law enforcement representative seeks to conduct an investigation, every attempt should be made to contact the Principal. No investigation may be conducted unless permission has been received from the Principal. In the event no Principal is present, authority may be granted by the [applicable managerial authority over principals and schools] when emergency circumstances exist.

PROCEDURE ON LAW ENFORCEMENT ARREST OF STUDENTS

In the event that a law enforcement representative comes to school during school hours to arrest a student, the following procedure shall be observed:

- A. When a representative is arresting the student, the Principal may ask to see a warrant. The representative has complete jurisdiction in the matter, and the Principal shall not interfere with the student's removal from the building. It is expected that the contact with the student will be arranged in a manner to make it as unobtrusive as possible.
- B. The Principal shall obtain a contact name and phone number from the representative and notify the minor's parent of the student's whereabouts as soon as the representative takes the student from the building.

SCHOOL WELLNESS PROGRAM

Students will be provided access to a variety of age-appropriate, appealing food and beverage choices that are consistent with the current Dietary Guidelines for Americans.

In the school cafeteria, the school will offer a variety of fruits and vegetables, serve low-fat (1%) and fat free milk, ensure whole grain products are served and ensure meals, at a minimum, meet the nutrition requirements and regulations of the National School Lunch Program and/or School Breakfast Program.

Students will be served in a clean, safe, and pleasant environment and will be provided with an adequate amount of time to eat. The school will ensure all food and beverages provided by the school comply with federal, state and local food safety and sanitation regulations, will encourage food providers to share information about the nutritional content of school meals and/or individually sold food with students, family and school staff, will ensure food service personnel have adequate pre-service training. The school will not withhold food or beverages as a punishment, and will restrict access to food preparation and service areas to authorized personnel.

Students in grades Preschool through 8th will have opportunities, support, and encouragement to be physically active on a regular basis while in the school setting. The school will make sure that each student participates in regularly scheduled formal and informal physical activity programs, provide all elementary students with daily, supervised recess periods, offer some extracurricular activity programs (intramural sports, interscholastic sports, physical activity club or other like activities). The school will not withhold participation in recess or physical education class as punishment, will provide reasonable accommodations for students with disabilities and/or other limitations, will ensure all school physical activity facilities and equipment are safe, and work with the community to create a safe and supportive environment for students walking or biking to school.

Students will be provided with nutrition education and physical education to foster lifelong habits of healthy eating and physical activity. Schools will also establish linkages between health education and school meal programs, and with related community services. The school will offer students sequential and interdisciplinary nutrition education will include

interactive activities such as contests, promotions, taste testing, field trips, school gardens, or other like activities in nutrition education programs. The school will work with parents to assist in providing a healthy diet and daily physical activity for their children, which may include information to help the incorporate healthy eating and physical activity and disseminating a list of healthy party food ideas to parents and teachers.

As part of St. Mary's wellness program students have access to support services including but not limited to counseling and social services through Wabash District #348. These services can be access through parent request to the Principal or by teacher request if parent permission is granted.

SEARCH AND SEIZURE - Investigative Procedures

The Administration of the School is free to enter a student's locker, desk and school bag any time to search for questionable items. Students shall not have any expectation of privacy as it relates to school lockers, school bags or desks. The school is owner of all lockers and desks and shall retain full control of their use and content. Therefore the school reserves the right to search them at any time without notice. Searches may also be selective and carried out even if there are no reports of wrongdoing. If illegal or improper items are found in a student's locker, desk or school bag (e.g. non-prescription drugs, weapons, stolen property), they will be turned over to law enforcement authorities. Any items (personal possessions) that violate school rules will be kept by school administration and returned to the parents.

The school also reserves the right to search a student's vehicle when it is on school grounds and/or when attending a school sponsored function off school grounds.

However, when a situation arises that requires a search of a student; a student will be asked to empty his/her pockets or purse. If a student voluntarily empties his/her pockets and or purse, this will not be considered an invasion of the person. Body searches will not take place. If a student does not voluntarily comply with the administrator's request, the student's parent will be called and expected to come to the school and conduct the search in the presence of a school administrator. A parent's refusal to comply with the request is grounds for immediate expulsion.
